PROLOGUE

REFINING AND REDEFINING AN INDUSTRY

Founded in 2008, **ZIVA** is the global innovative fitness brand rooted in the ancient Taoist philosophy of energy and balance.

Standout, inspirational design and precision-made, high quality manufacturing has been at the heart of **ZIVA** from the beginning.

Our mission is to create functional products and digital solutions that not only achieve what they are designed to but also that inspire and engender real pride, providing athletes and enthusiasts alike with a transformational platform designed to achieve their goals.

Innovation is a driving force at **ZIVA**, as we have learned to harness the power of change to constantly improve and offer always new products and solutions to our partners around the world.

As a result, every day in over 80 countries thousands of people train with **ZIVA** products around the globe. To be an active part of this collective effort toward self-improvement and positive transformation is what really drives our commitment and teamwork through our network of partners, distributors and international offices.

OLYMPICS TOKYO 2020

BRAZILIAN OLYMPIC COMMITTEE PARTNER

ZIVA is proud to be the official partner of the Brazilian Olympic Committee in Brazil.

In 2015 **ZIVA** designed and installed **ZIVA** Olympic High Performance Athletes Lab at the Maria Lenk Center in Rio de Janeiro. The center is continually updated to feature our newest series of strength and performance products for all Olympians to train on now and for years to come. We are honored to contribute to the training center to help Brazilian Olympians push beyond their boundaries and create the next generation of champions.

Together we are looking forward for Tokyo 2020 where **ZIVA** will be creating performance training centers in Tokyo to support the athletes and power their medal dreams.

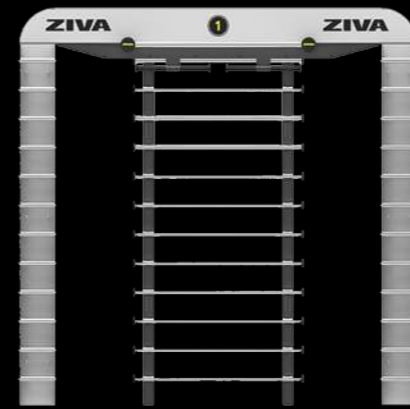

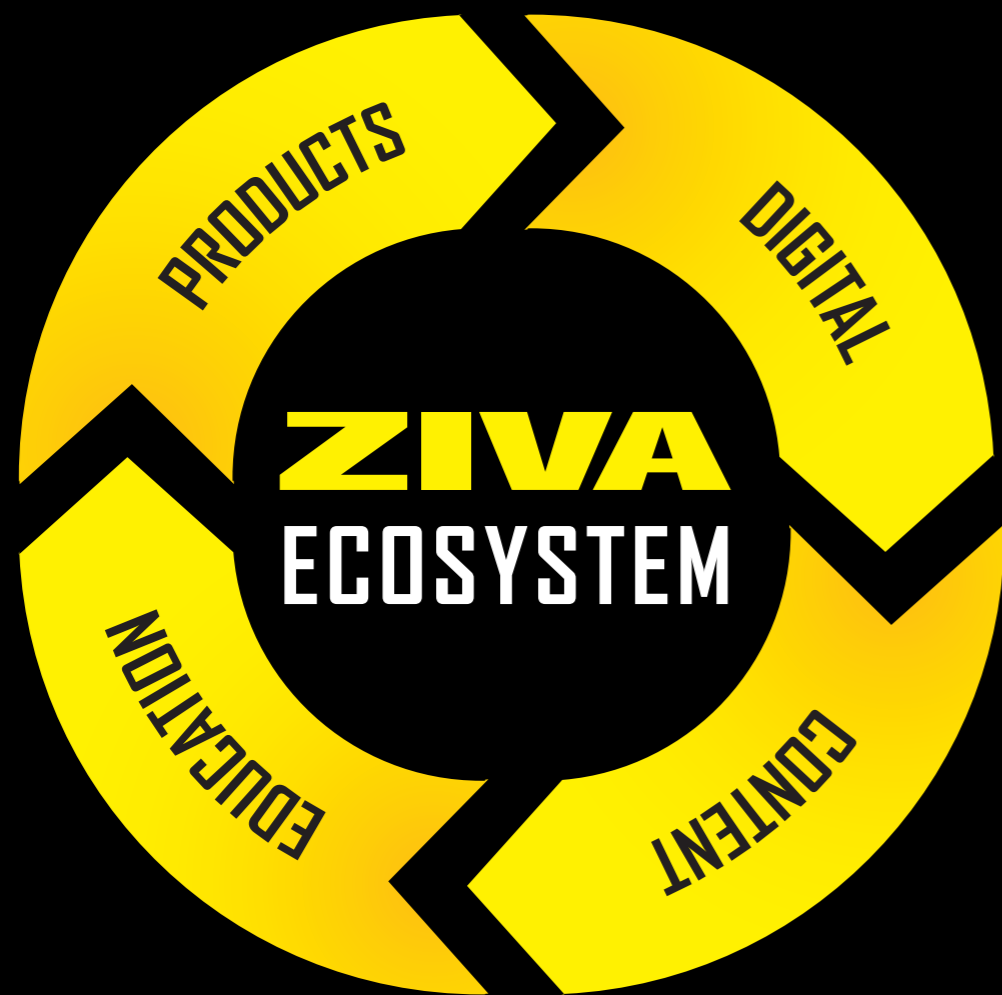

“*COB is proud to have ZIVA, which is a reference in the fitness and sports segment, as a partner in preparing Team Brazil for the Tokyo Olympics. Since 2015, our athletes have best quality equipment available for strength training and conditioning.*”

Jorge Bichara
Sports Director
Brazil Olympic Committee

ZIVA PROFESSIONAL EDUCATION

ZIVA's aim is to build not just a fitness business, but a legacy of fitness which impacts the future vitality of the industry we love so much; that's why we invest into our clients and customers with high quality HOME exercise instruction for retail users and PROFESSIONAL education content and programs for the fitness professionals utilizing our equipment in commercial settings to improve the lives of those they train every day.

Never haphazard in care or execution, ZIVA education is the product of a worldwide collaboration of top level trainers, innovators, and competitors. Curated by ZIVA's Director of Education, 20-year multi- and master-certified trainer and trainer educator Jason McClure, our fitness education content is developed and professionally produced across four continents. Featuring ZIVA professional trainers, ambassadors, and presenters, we've worked hard to ensure that our educational resources are not an afterthought.

ZIVA EXERCISE LIBRARY

This yellow icon identifies home and commercial products featured in the ZIVA exercise library. The ZIVA Exercise Library is an online database of exercise demos and tutorials built around ZIVA kit to inspire fresh approaches to exercise while mitigating unnecessary risk and injury.

ZIVA EXERCISE PROGRAMMING

The gray ZEP icon marks home and commercial products featured in programmed exercise templates built to guide enthusiasts and trainers through sample workouts and routines. ZIVA Exercise Programming content may be presented in printed or video formats.

ZIVA PROFESSIONAL EDUCATION

The black ZPE icon indicates a commercial product with accompanying complimentary and/or paid professional level education. All professional education content is created specifically for exercise professionals, and is created and presented by a recognized authority in fitness education. ZPE content ranges from advanced tutorials to complete online certifications.

XP CUSTOMIZED RIGS

When it comes to building a rig system for your gym, we have found it is all very customized. Space available is always different and your requirements are specific to fit your gym concept.

At ZIVA we realize this and have our customized rigs development system for you to build what you want.

Here are the questions you need to answer before contacting us:

1. What space do you want the rig in?
2. Is it wall mounted or free standing?
3. Is it accessible from a single side or double side?
4. What accessories do you want to add: landmine, D handle, flying pull up bars, etc.?

We are here to help you realise your concept.

01 CHOOSE YOUR PRODUCT

Start with the basic width and depth needed i.e. 14' wide with a depth of 4', wall mounted or free standing.

Free Standing Rig

Wall Mounted Rig

02 SELECT ACCESSORIES

Choose from monkey bars, flying pull up bars, accessory storage, plate storage and more.

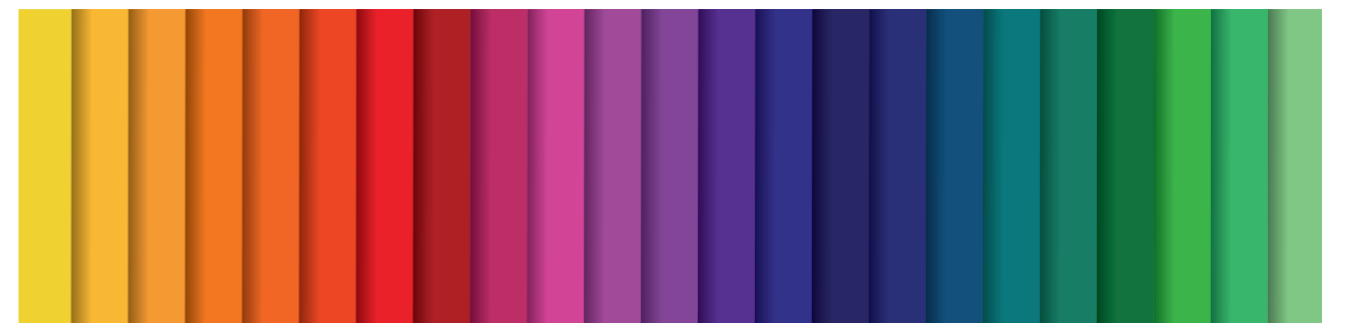

03 ADD ADDITIONAL ACCESSORIES

Choose from smaller accessories such as D Handles for battle ropes, landmine attachments, dip bars and more.

04 SELECT YOUR COLOR

Main frames come standardized with black or charcoal color. Customized colors on roof available.
